

EXTRA STRENGTH

MOLD STAIN REMOVER

Dot's award-winning chemistry provides powerful cleaning with substantially less chemical – better for your home and family. Mold Stain Remover tackles the toughest jobs and quickly mitigates deep mold staining.

LESS CHEMICAL

Our patented chemistry allows Dot® Mold Stain Remover to use 4x less chemical than competitor products. This means a better home environment for your family, and better working conditions for remediators.

LESS WASTE ON THE JOBSITE

Our pocket-sized Dot pouches use only 1/20th the packaging of competitor brands, significantly reducing waste produced on the job.

LESS ODOR

Less chemical means less odor – better for homeowners & workers alike! This ensures minimal disruption for your family and no strong lingering smells.

REJUVENATES SURFACES

Our patented chemistry keeps working until the surface is dry. When the job is complete, treated surfaces will look new!
